The start of the New Year is especially hard for many. It is cold out, new resolutions are already falling, and the bills from the holiday spending are coming in. This webinar is designed to help Executives, HR, and People Leaders support the well-being of employees.

This webinar focuses on how prevalent mental illnesses and stigmatized attitudes are in the Canadian workplace. To reduce stigma in the workplace, we will educate your participants first on recognizing signs and symptoms of depression and anxiety in the workplace, and then how to respond. Research has shown that investing in a mentally healthy workforce is good for employees and employers alike. All gardens are unique. They require a detailed look not only at their beauty but the significance they make to their surroundings. There is a story to tell and a dialogue is created between me and my garden. I keep in mind the origin of each bloom whether grown from a seed given by a friend, or one that's travelled on the wind from a di

stant field. Colour, placement, friend or foe, memories created or forgotten. They tell me how they wished to be painted.

“My work is an eclectic mix of my life experiences, interests and passions which define me. Working from memory, and imagination I take a theme exploring and adapting my processes to best express the subject.” Elizabeth Vercoe

Following a string of successful shows opening for legendary artists, Lynyrd Skynyrd, Johnny Hallyday, Robben Ford, and Tony Joe White, Jack headlined his own whirlwind international tour, playing sold out shows for music lovers in Europe, New Zealand, Japan, the US and Canada. 2020 will be another big year for Jack as he continues touring internationally.

January is an important month for Tamils both in Canada and worldwide. The province of Ontario (Bill 156) has proclaimed January as Tamil Heritage Month in recognition of the valuable contributions that Tamil Canadians have made to Ontario's social, economic, political and cultural fabric.

Thai Pongal is the Tamil equivalent to our Canadian Thanksgiving. This is a time where Tamils around the world celebrate nature's beauty and its plenitude and blessings are given to all of us in the form of food, health, and life in general. More specifically for Tamils, Thai Pongal speaks to our ancient roots of being an agrarian community with an inherent respect for the environment. This celebration promotes the values of sharing, generosity, and goodwill among the people by the exchange of gifts and wishes

Brantley Gilbert

Date and Time: Friday, January 24 7:00 pm - 11:00 pm

Address: Tribute Communities Centre

Just a few short weeks before the much-anticipated Oct. 4 release of his fifth studio album *Fire & Brimstone* via The Valory Music Co., **Brantley Gilbert**, billed as an artist who "never fails to deliver" by *American Songwriter*, is already looking for opportunities to bring the music to his faithful BG Nation with a brand new 2020 tour. *Fire't Up Tour*, aptly named after track one on his upcoming 15-song album (all written/co-written by Gilbert), will kick off Jan. 23 in London, Ontario and hit 34 cities across the country and Canada, including a stop in Oshawa at the Tribute Communities Centre on January 24, 2020. "Fire't Up" from forthcoming *Fire & Brimstone*.

Gilbert – who identifies as a songwriter first – has invited fellow singer/songwriters to join as tour special guests: Louisiana-native, country singer/songwriter **Dylan Scott**, whose hits include "My Girl" and "Hooked," and

current single, “Nothing To Do Town”; and a man *Rolling Stone* calls “a country-rock version of Bruce Springsteen” after last year’s opening slot on Kenny Chesney’s *Trip Around The Sun Tour*, EMI recording artist **Brand on Lay**.

“I truly feel like we’re at the point that we can let the music take us where it is meant to go, so with every new album we like to change up our show and make it something that plays to those stories and characters,” shares Gilbert. “We’ll of course still do the hits our fans love, but we are looking at this as an opportunity to turn up the heat a bit and give the songs on *Fire & Brimstone* a chance to really rock.”

Gilbert’s fifth studio album set for release on Oct. 4 features a series of powerhouse collaborations with some of country music’s finest artists such as Lindsay Ell, Willie Nelson, Alison Krauss, Jamey Johnson, Lukas Nelson and Colt Ford.

Shortly after the album’s October release, Gilbert will set sail for his Second Annual *Kick It in the Ship* cruise. He will be joined by Rice, LANCO, Diamond Rio, Tyler Farr, Danielle Bradbery, Jon Langston, Colt Ford, Tyler Rich, SixForty1, Trea Landon, Sam Grow, Tyler Braden, Brian Davis, Tyler Booth and more as they rock the high-seas from Miami to Cozumel this November.

Opening Reception Saturday Jan 11, 2020 1-3pm

Everyone Welcome.

All gardens are unique. They require a detailed look not only at their beauty but the significance they make to their surroundings. There is a story to tell and a dialogue is created between me and my garden. I keep in mind the origin of each bloom whether grown from a seed given by a friend, or one that's travelled on the wind from a distant field. Colour, placement, friend or foe, memories created or forgotten. They tell me how they wished to be painted.

"My work is an eclectic mix of my life experiences, interests and passions which define me. Working from memory, and imagination I take a theme exploring and adapting my processes to best express the subject." Elizabeth Vercoe

THE MOZART EFFECT: LIVE! • ONTARIO PHILHARMONIC

Date and Time: Friday, January 31 8:00 pm - 10:30 pm

Address: Meridian Hall (formerly Sony Centre for the Performing Arts), Toronto, ON

The Mozart Effect: Live!™
A Symphony For The Senses
Presented by Classical FM 96.3

Based on the genius of Wolfgang Amadeus Mozart and featuring his most popular works, The Mozart Effect: Live! takes the presentation of the live symphony orchestra to an entirely new place. Performed by Ontario Philharmonic, accompanied by high definition large format immersive video and visual effects, The Mozart Effect Live! is curated to stimulate the senses, inspire and engage the deepest corners of the human psyche.

Timed to the dynamics of the orchestra's performance of Mozart's timeless music, the visual presentation takes the audience from the farthest reaches of space, through awe inspiring flights over mountains and into the deepest canyons, to human relationships. These visuals are married with special lighting effects and live video close-ups of the musicians and conductor. The result is a sensory enhanced symphonic aural and visual experience, with moments of intimate performance nuance and powerful climactic peaks.

The transformational power of music to stimulate human cognitive processes, improve memory and focus using Music Therapy were first explored by educator Don Campbell in his best-selling book The Mozart Effect. Don Campbell subsequently curated a series of themed albums of Mozart's music that sold millions of copies. By special permission of his estate, Don Campbell's innovative teaching was the inspiration to bring The Mozart Effect: Live! to the concert stage.

The creators of The Mozart Effect: Live! have two main objectives; to leave audiences enlightened, invigorated, and having experienced something entirely unlike any other concert or theatrical event and to introduce live orchestra to new audiences.

The Mozart Effect: Live! featuring the music of the world's most popular composer is the perfect introduction to live orchestral music for the uninitiated, and a new adventure for the symphony enthusiast.
