The Royal Astronomical Society of Canada, Toronto Centre (RASC) and Durham Skies Astronomy will be donating an astronomical telescope to the Pickering Public Library (PPL). (Trent University in Durham has also been a recent partner.) Cinechats was twice nominated for the region's Art of Transition Creative Award. Come see movies that will stir your emotions and make you think -- movies with award-caliber performances, movies for the artist in all of us. We've even had a world-premiere and some exclusive presentations of films before they were released commercially in North America. Crystal Shawanda

Date and Time: Saturday, September 21 8:00 pm - 11:30 pm

Address: Town Hall 1874 Centre for the Performing Arts; 302 Queen Street Port Perry ON

Crystal Shawanda grew up on the Wikwemikong reserve on an island in Ontario, Canada. Her parents raised her on Country music and taught her to sing and play guitar, but it was her oldest brother who introduced her to the blues. He would hang out in the basement cranking Muddy Waters, B.B. King and Etta James, and Crystal would sit at the top of the stairs, straining to hear those soulful sounds. There was a part of her that often wondered if she would ever be able to sing like that. And when no one was home, Crystal would practice singing the blues.

She learned early on, by observing her family, that music was like cheap therapy. That's what the blues is all about, releasing and healing. While she was secretly pining to be a blues mama, out on stage it was Patsy and Loretta. She started performing country when she was six and started getting paid gigs when she was 10, relentlessly playing every stage she could.

These days, Shawanda really is living the dream. "The whole time I was singing Patsy Cline on stage, I was singing Etta James at home," she says. "When I sing the blues, I can let loose and really be who I am as a vocalist and song stylist."

To date, over 28,000 people have attended Cinechats, which is a not-for-pr

ofit community educational collaboration between Artsforum, the University of Ontario Institute of Technology (UOIT), Durham College, and the Durham Council for the Arts. (Trent University in Durham has also been a recent partner.) Cinechats was twice nominated for the region's Art of Transition Creative Award. Come see movies that will stir your emotions and make you think -- movies with award-caliber performances, movies for the artist in all of us. We've even had a world-premiere and some exclusive presentations of films before they were released commercially in North America. Healing Ceilings Exhibition

Date and Time: Saturday, September 28 11:00 am - 5:00 pm

Scugog Arts and the Port Perry Hospital Foundation are collaborating to spread well-being through painting ceiling tiles. With the help and talent of local artists tiles will be painted, and then placed back in the hospital allowing patients to have something calming and colorful to look up at.

Similar initiatives have proven successful and shown the public that there is a healing power associated with art. Specifically, scenes depicting open landscapes and nature have been highly beneficial in comforting patients. The tiles can also serve as a distraction during treatments and exams.

Before the tiles make their way back to the Port Perry Hospital, they will be on display surrounded by a hub of

culture and arts at Culture Days in Scugog. Discover hands-on workshops, engaging demonstrations, an exhibition of ceiling art, and live musical performances along Perry St in Port Perry on Saturday, September 28th from 11 am to 5 pm.
