To date, over 28,000 people have attended Cinechats, which is a not-for-profit community educational collaboration between Artsforum, the University of Ontario Institute of Technology (UOIT), Durham College, and the Durham Council for the Arts. (Trent University in Durham has also been a recent partner.) Cinechats was twice nominated for the region's Art of Transition Creative Award. Come see movies that will stir your emotions and make you think -- movies with award-caliber performances, movies for the artist in all of us. We've even had a world-premiere and some exclusive presentations of films before they were released commercially in North America.
