Ryder summons Marshall, Chase, Skye, Rubble, Rocky, Zuma and Everest to rescue Mayor Goodway and to run the race in her place. Using their unique skills and teamwork, the pups show that “no job is too big, no pup is too small,” and share lessons for all ages about citizenship, social skills and problem-solving as they make several heroic rescues on their race to the finish line.

The show includes two acts and an intermission, and engages audiences with Bunraku puppetry, an innovative costuming approach that brings the PAW Patrol characters to life on stage with their vehicles and pup packs. The performance features up-tempo music and a cleverly written script that is a wonderful introduction to live theater for kids. Classic theatrical scenery, along with a high-tech video wall, visually transports families to an authentic PAW Patrol environment, including locations from the TV series, like Adventure Bay, The Lookout, Seal Island, Farmer Yumi's farm and Jake's Mountain. Special interactive video allows the audience to participate via interviews, solve clues with the Pups, follow Mayor Goodway and much more. Groups 10+ Save on tickets. His installations often offer visual accounts of his extensive investigation to trace back the root origin of our food and finding its migration rooted in colonialism and imperialism. Concerned with seed circulation and farming methods, local community and globalization, Benner's work provides a unique and critical perspective on essential elements of modern food systems.

## **Z'otz\* Collective: Waiting Outside of My Hand**

Date and Time: Sunday, October 27 10:00 am - 4:00 pm

Address: Visual Arts Centre of Clarington, 143 Simpson Avenue, Bowmanville, ON., L1C 3K8

Z'otz\* Collective is comprised of Nahúm Flores, Erik Jerezano, and Ilyana Martínez. In their most recent work produced at the Visual Arts Centre of Clarington, Z'otz\* Collective will investigate the concept of the niche as a point of departure. *Waiting Outside of My Hand* is an exhibition that explores the notion of a space "in which to nest". A niche may be thought of as a recess or shadow box, to contain elements within a larger configuration. Using this as a point of departure, Z'otz\* Collective produces contemporary niches in the form of boxes varying in size and strategically placed within a site-specific mural. Their niches will contain various objects sourced from the grounds surrounding the VAC. Each niche serves as a container of juxtaposed items that together suggest a narrative, forming an interconnected network of stories.

## Cinechats Film Festival

Date and Time: Thursday, October 31 6:30 pm - 9:00 pm

Address: Room C-113, G. Willey Bld., UOIT/DC Campus, 2000 Simcoe St. N.

The Cinechats Film Festival is an acclaimed weekly (and year-round!) series of the best motion pictures from around the world. It's like TIFF, but right here in suburbia -- and without all the immodest hype. Instead, we have lively conversations after each film. To date, over 28,000 people have attended Cinechats, which is a not-for-profit community educational collaboration between Artsforum, the University of Ontario Institute of Technology (UOIT), Durham College, and the Durham Council for the Arts. (Trent University in Durham has also been a recent partner.) Cinechats was twice nominated for the region's Art of Transition Creative Award. Come see movies that will stir your emotions and make you think -- movies with award-caliber performances, movies for the artist in all of us. We've even had a world-premiere and some exclusive presentations of films before they were released commercially in North America. For more information, contact John at (905) 576-0359 or by email at : artsforum\_magazine@yahoo.ca

## Coco Montoya
