Delegations

 Mr. Jennifer Meader, Associate, WeirFoulds LLP, and Ms. Beth Kelly, Vice-President, Valiant Property Management, regarding Report #2 of the Development Charges Complaint Committee re: Valiant Rental Properties <u>Limited</u>, 425 Taunton Road West, City of Oshawa Ms. Jennifer Meader, WeirFoulds LLP, on behalf of Valiant Rental Properties Limited provided a PowerPoint presentation with respect to the imposition of development charges on the property located at 425 Taunton Road West, City of Oshawa. Ms. Meader advised that in May 2017, Valiant Rental Properties Limited paid Regional development charges totalling \$247,874.76 in order to obtain building permits for two self-storage buildings on the property. She advised that development charges were charged for Regional roads, Regional transit, sanitary sewerage and water supply for 18,293.34 square feet of gross floor area at the commercial rate. She submitted that it was an error to charge for sanitary sewerage and water supply development charges.

Ms. Meader quoted Section 2(1) of the Development Charges Act. She stated that the two self-storage buildings do not use and will not use water supply and sanitary sewerage services. She also stated that there is one washroom on the property, which is not for use by customers. She further stated that the internal fire line is not covered by Regional water supply and sanitary sewerage development charges and she noted that fire services are part of the City of Oshawa development charges.

Ms. Meader referenced Section 12(1) of the Region of Durham Development Charges By-law #16-2013 regarding the imposition of development charages upon commercial uses of lands. She compared the wording in subsections 12(1)(a) and 12(1)(b) and she noted that subsection 12(1)(a) does not include the same condition precedent as subsection 12(1)(b). She stated that the two self-storage buildings do not meet the condition precedents in subsection 12(1)(b), which reads "where the lands, buildings or structures are serviced by regional sanitary sewer services ...". She also stated that a building that does not need services cannot meet the Ontario Municipal Board's two principles. She further advised that she does not agree with Section 4.5 of Report #2017-DC-02.

Ms. Meader concluded by requesting that Regional Council refund the sanitary sewerage and water supply development charges for this property.

Ms. Meader responded to guestions of Regional Council.

A copy of her presentation was submitted to the Legislative Services Division prior to the meeting and will be retained by the Legislative Services Division.
